Soil Nail Shoring Continuing

Excavation Continuing

Concrete foundations will begin in early March

There will be 17,500 cu.yds. concrete placed into the BSRL structure.
In an effort to raise awareness and promote safety, we would like to remind the campus community that there is a revised speed limit on Cherry Ave. near the construction zone of **15 MPH**.

You may have noticed the new traffic sign that displays “your speed”.

**A special thanks to everyone for keeping the campus safe!!**
